

Teelie Turner's Newest Tommy Tinker's Book Takes You To Ireland.

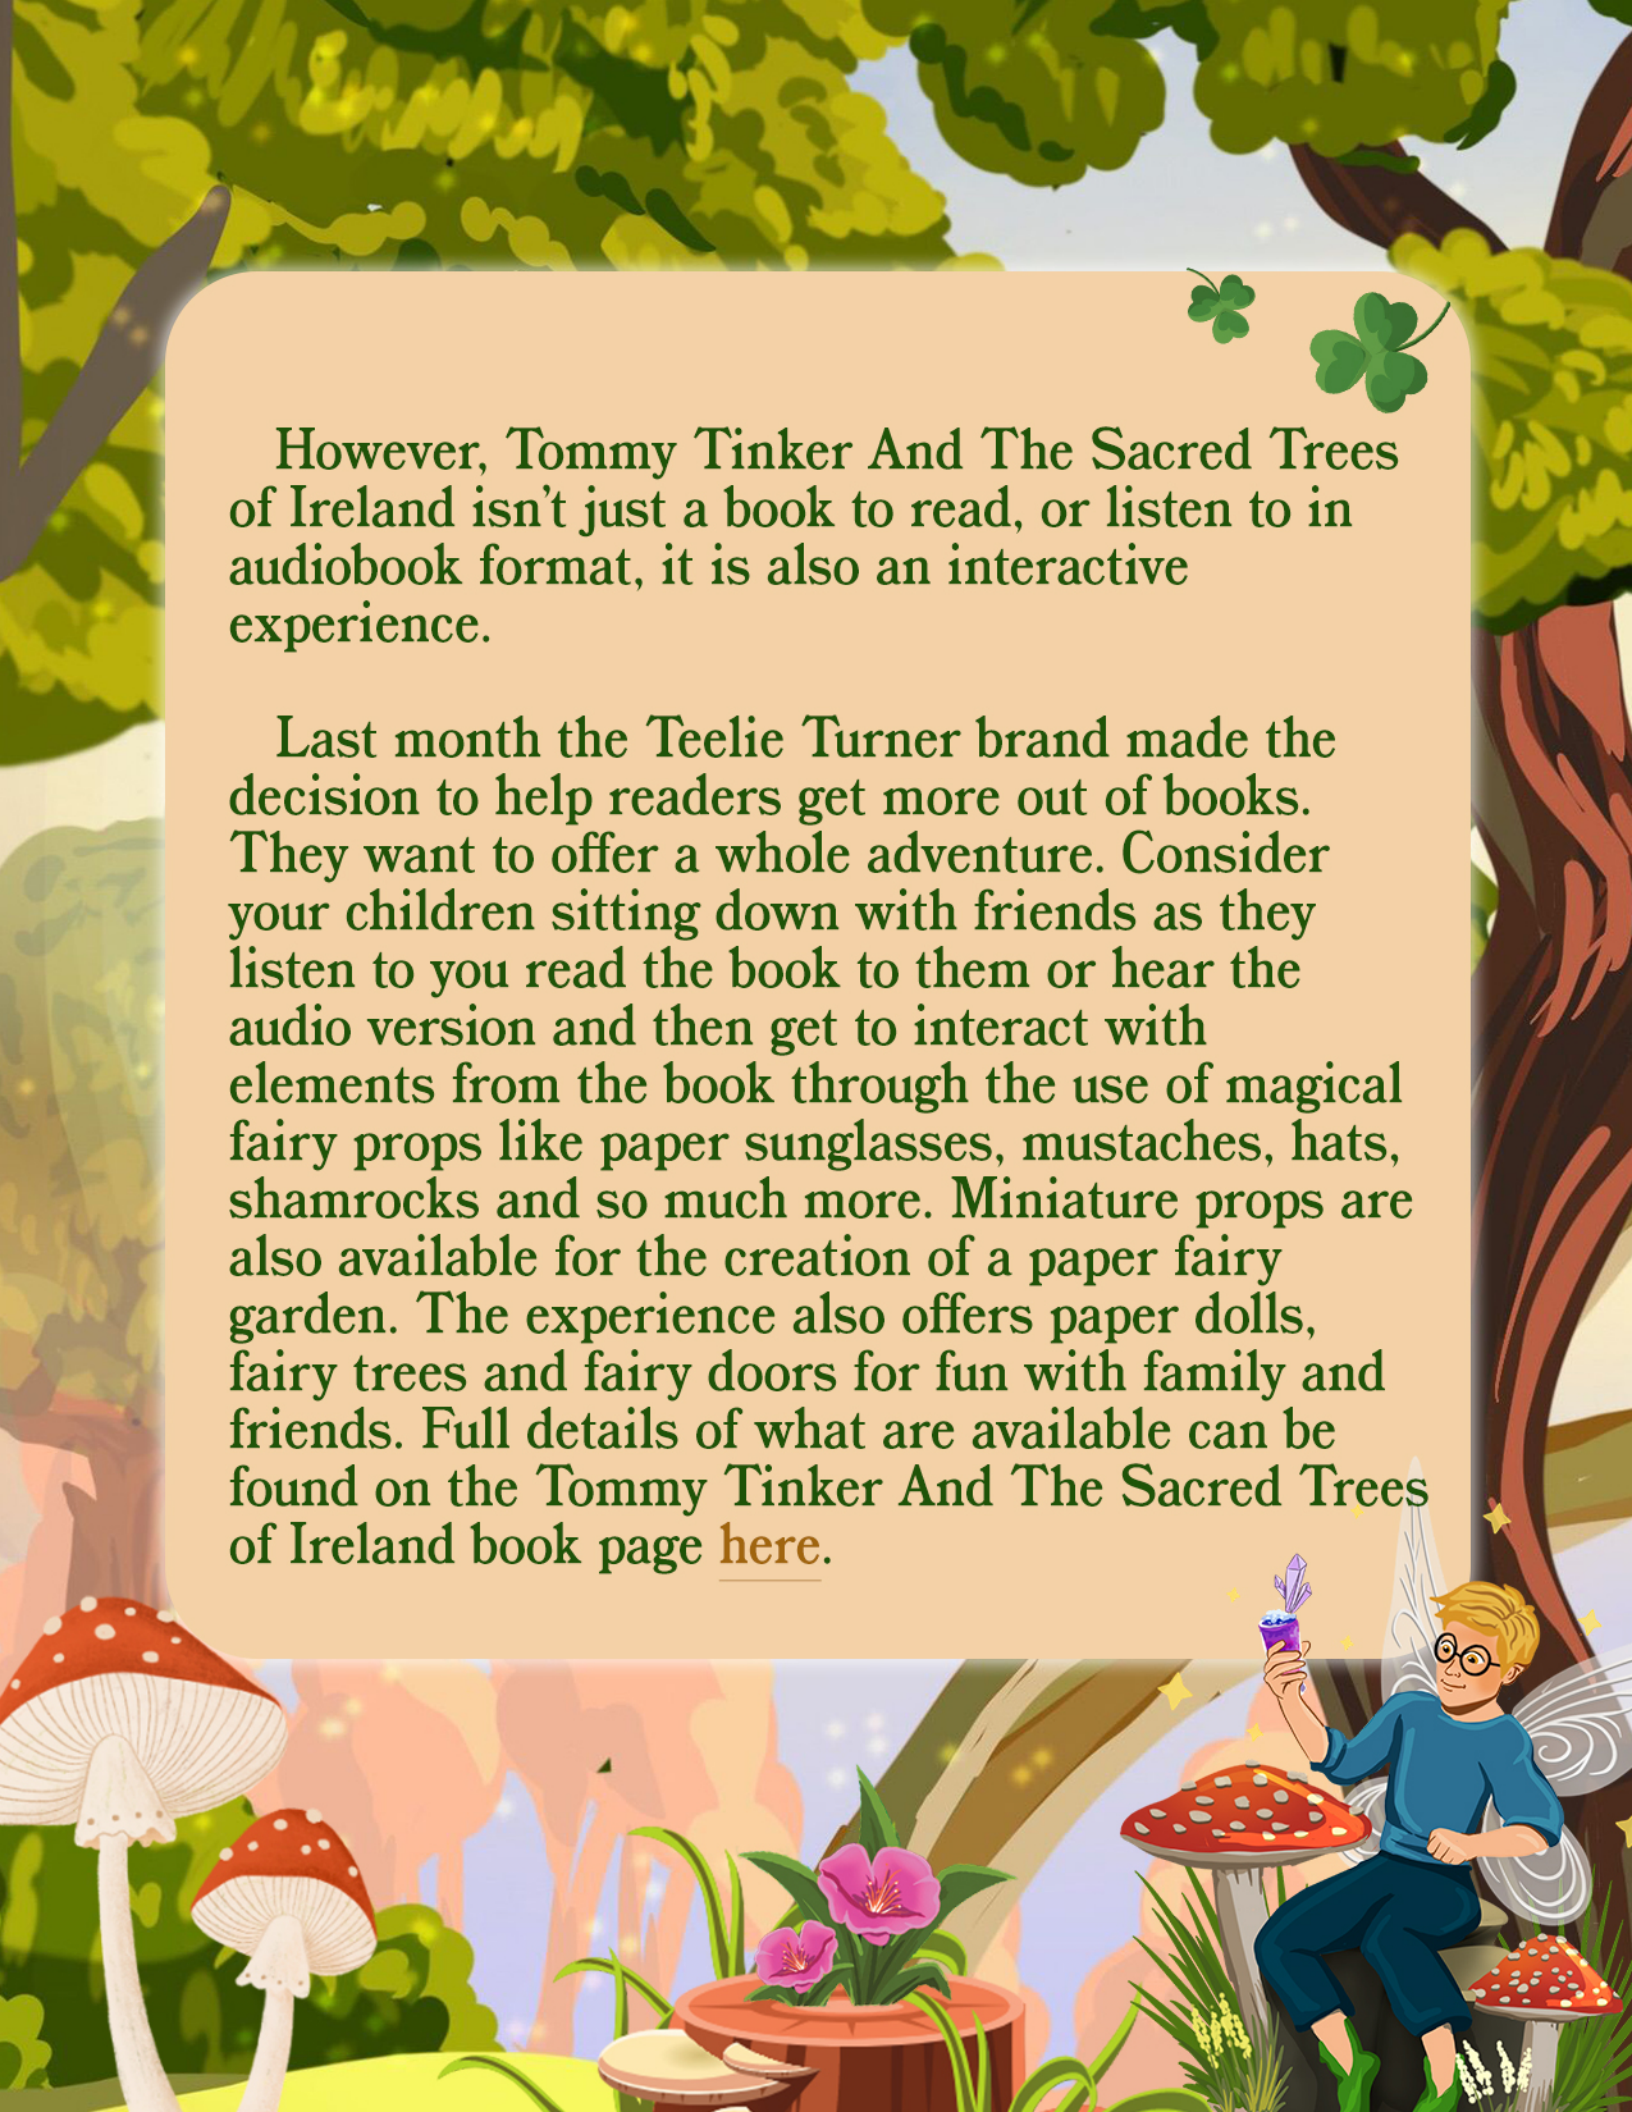

Go on another adventure with
Tommy Tinker as he assists friends
in Ireland.

You first had the opportunity to meet Tommy Tinker in Teelie Turner's magical book Tommy Tinker and the Lost Candy Factory. In addition to having his own weekly blog column which can be found [here](#), Tommy is also always helping others. His newest adventure is showcased in Teelie Turner's new book 'Tommy Tinker And The Sacred Trees of Ireland.' The text from the book jacket reads: Enjoy a magical adventure with Tommy Tinker and his niece Susan as they travel to Ireland to help Tommy's friends save their home. There is a lot of folklore surrounding the trees where Tommy's friends live. Builders want to cut down the trees to put up housing. Can Tommy help come up with a plan that will make both the fairies and the humans happy? Will enough of them believe in the magic of the Wee Ones to not want to destroy the natural beauty of the trees? Find the answers to these questions and many others in the magical pages of Tommy Tinker And The Sacred Trees of Ireland.

We don't want to spoil the magic that is inside this enchanted book by giving away too many of its secrets. Therefore, we invite you to pick up your copy of 'Tommy Tinker And The Sacred Trees of Ireland' [here](#).

The background of the page is a vibrant, stylized illustration of a magical forest. At the top, there are large, leafy trees in shades of green and yellow. In the center, a light orange rectangular box contains two paragraphs of text. Below the text box, the scene opens up to show a boy with blonde hair, glasses, and large white fairy wings. He is wearing a blue long-sleeved shirt and dark blue pants, and he is sitting on a large red mushroom with white spots. He is holding a small purple object in his right hand. To his left, there are more red mushrooms and a small pink flower in a wooden planter. The overall atmosphere is whimsical and magical, with soft lighting and a warm color palette.

However, Tommy Tinker And The Sacred Trees of Ireland isn't just a book to read, or listen to in audiobook format, it is also an interactive experience.

Last month the Teelie Turner brand made the decision to help readers get more out of books. They want to offer a whole adventure. Consider your children sitting down with friends as they listen to you read the book to them or hear the audio version and then get to interact with elements from the book through the use of magical fairy props like paper sunglasses, mustaches, hats, shamrocks and so much more. Miniature props are also available for the creation of a paper fairy garden. The experience also offers paper dolls, fairy trees and fairy doors for fun with family and friends. Full details of what are available can be found on the Tommy Tinker And The Sacred Trees of Ireland book page [here](#).
